PROJECTS & CONTRIBUTIONS

University Website - Live: https://aiu.imamahasan.xyz
- It's a university demo website.
- In this project, I tried to develop an interactive and responsive website.

Software Company Website - Live: https://tech.imamahasan.xyz
- Here I developed a project which is a tech company website.
- My main focus was on grid and flexbox CSS.

Tech Company Site - Live: http://tgc.imamahasan.xyz
- It is one of my practice projects.
- Here I use CSS naming conventions like BEM Methodology.

Ahasan IT - Live: https://ait.imamahasan.xyz
- In this project, I made this using Bootstrap.

Portfolio Site - Live: https://portfolio.imamahasan.xyz
- I developed a simple demonstration portfolio site.
